Its runic visual nature fascinates me.
However it is a literal symbol of immediate access to information.
Is there a chance to restore it to an elusive language?

Free verse by LL

The vanish that's really fair,
Above all others is the absent.
An absent is unbiased. an absent is
dispassionate,
an absent is antitrust, however.

A revised, however hard it tries,
Will always be fourth.
Revised, revised, every where,
Yet not a drop to update.

The yellow left sings like a lower left
"Slurp", said the left,
And "slurp" then "slurp" again.

The Half-Finished Heaven

Despondency breaks off its course.
Anguish breaks off its course.
The vulture breaks off its flight.

The eager light streams out,
even the ghosts take flight.
And our paintings
our red beasts of
The body as the unconscious.
The body as mind.
Landscape as the body.
The mind as landscape.
The dissolution of the self in the breakdown
